

For District and Building Administrators

MTSS LEADERSHIP ESSENTIALS

Length: Six-hour training prior to the beginning of the Multi-Tier System of Supports (MTSS) Structuring process and before the selection of the building/district leadership team.

Title: MTSS Leadership Essentials

Description: MTSS Leadership Essentials is the starting point for building and district administrators prior to the MTSS training. During this training, administrators will review the general MTSS process and identify the tasks and leadership competencies necessary to facilitate a successful MTSS. Critical requisites for MTSS will be identified and discussed. Administrators will be prepared to ready their buildings and districts for a MTSS in which data-based decision making and intentional redesign of instructional practices are paramount.

Participants:

Building and District Office Administrators

1. Building Principals & Asst. Principals
2. Curriculum & Instruction Leaders
3. Assessment Leaders
4. State & Federal Program Leaders
5. Directors/Asst. Directors of Entitlement Programs (Title, ESL, At-Risk, Special Education, etc.)
6. Superintendent & Asst. Superintendents

Support Documents to Use:

- *Kansas MTSS: Innovation Configuration Matrix (ICM)*
- *MTSS Leadership Essentials Training Materials*

When Provided: This training is provided to administrators as the starting point for districts/buildings that want to implement the MTSS or those that would like additional information. It is completed prior to the beginning of the MTSS Structuring process and before the selection of the building/district leadership team.

Aim: To identify and discuss the tasks and leadership competencies necessary to support an effective MTSS.

Objectives of MTSS Leadership Essentials Training:

- To identify and discuss leadership responsibilities as they relate to MTSS.
- To outline the tasks that must be completed to prepare the building/district to implement a MTSS.
- To review the types of systems changes and their impact on the school and/or district.
- To introduce and review key tools/documents found in the MTSS Structuring Guide that will assist administrators in supporting the MTSS.

Learning Outcomes: Upon completion of the *MTSS Leadership Essentials*, participants will be able to:

1. Identify leadership responsibilities necessary to support a successful MTSS.
2. Identify the time and professional development commitments for a MTSS.
3. Understand the self-correcting feedback loop and its implications for communication district-wide.
4. Review and understand the uses of the Innovation Configuration Matrix.
5. Describe the roles and responsibilities of Leadership Teams.
